Tickets

Sina is a serial entrepreneur and a software developer. Previous to founding NuBinary, a consulting firm helping startups and SMBs in tech leadership and fractional CTO services, he co-founded ApplyBoard as the technical co-founder, a successful tech startup and one of the fastest growing companies in Canada. Sina has previously worked as a software engineer in various companies including IBM. He holds a master's degree in computer science from University of Waterloo and has won various international competition awards including a silver medal in International Olympiad in Informatics.
